

Instructors.

We take pride in working only with the best chess instructors in the Greater Milwaukee area and the Greater Chicago area. They are selected based on their chess skill as well as on their prior teaching experience. They maintain a delicate balance between serious chess learning and maintaining a fun atmosphere.

Every Chess Scholars instructor undergoes a rigorous fingerprint-based background check through Accurate Biometrics, a vendor for Illinois State Police. Also, we train each instructor in multiple areas, including the following:

- 1) Chess Scholars curriculum and philosophy.
- 2) Class structure
- 3) Attendance reporting and other administrative issues
- 4) Dismissal procedures, emergencies, and other safety issues
