

MORE ABOUT EARLY CHILDHOOD MUSIC EDUCATION...

Thoughtfully planned music experiences can support and nurture each developmental domain— social-emotional, physical (motor), thinking (cognitive), and language and literacy. Most important, sharing music experiences with the people they love makes very young children feel cherished and important.

HOW WILL MUSIC HELP MY CHILD?

Music education involves a high level of memorization. This process benefits the overall memory center of the brain.

Playing a musical instrument improves fine motor skills and increases coordination.

MEET YOUR INSTRUCTOR MRS. KAREN SIMMONS

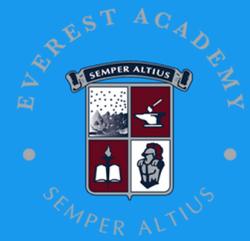

Karen holds a Bachelor's Degree from DePaul University and a Master's Degree from Northwestern University in music. She has spent over 25 years teaching early childhood music classes, both privately and at local area music schools. Karen is currently our Pre-K 3 teacher at Everest Academy Lemont.

LITTLE NOTES

"I've learned how to be a better parent and teacher to my children. There's a reason for everything we do in class - everything is a building block."

- Jill (a Mom)
